

We regret to announce that The Lookout will be closing its doors to the public by 5:00PM, Tuesday, March 17, 2020 pursuant to the Minnesota Governor's Executive Order 20-4.

The health of our community is our main priority and we will do our part to stop the spread of Covid 19. That being said, we encourage you to order food to be picked up. We will gladly bring your order to your car so you will not have to enter the building. We will also have our delivery service running through Food Dudes and Grub Hub. We will be running a limited menu that will change daily, so please stay tuned! This is a challenging time for everyone, but with the support of our community, we will get through it together. Thank you for all your support through the years. We hope to continue to serve our community for many years to come.
